NATIONAL SAVES YOU BIG MONEY

How can the NATIONAL PAINT STORES sell the finest paint at amazing low prices? For one reason, NATIONAL PAINTS are made right here in L.A. . . . in NATIONAL'S own paint factory, and have been since 1921 and then sold directly to you exclusively through the many NATIONAL PAINT STORES.

Because of our factory-to-you plan, we eliminate much costly overhead, and these savings are passed along to you. There are no "middle-man" profits to pay . . . there are no tremendous shipping costs involved as there is with paints made in the East and sold in the West. You actually save as much as 20% to 50% when you buy at your National Paint Store . . . and every gallon of National Paint is guaranteed factory-fresh, the finest paint that money can buy.

And only NATIONAL PAINT contains color-lok . . . paints that actually lock in the color and lock out the dirt.

Professional painters and thousands of "do-it-yourselfers" now make the Hollypark NATIONAL Paint Stores the one-stop headquarters for all their decorating needs. You'll find everything at want under one roof, along with all the friendly advice you desire. You can also "charge it" at your Hollypark NATIONAL Paint Stores and take as long as a full year to pay.

HERE'S JUST ONE EXAMPLE

NATIONAL VINYL PLASTIC WALL PAINT

For ease of application . . . there is just no paint to compare to it. An ODORLESS paint so easy to apply that even the most inexperienced painter will get a perfect job every time. Can be rolled, brushed or sprayed. Dries to a beautiful flat uniform finish in LESS THAN 1/2 HOUR. Shows no brush marks, no lap marks. Wash all tools out with water. No thinners, no mess.
